NAVAL ACTIVITIES TO VIRTUAL BASIS OF WARTIME

Diplomatic Impasse Over Italian Demand For Patrol Parity

ANGLO-FRENCH SHIPS TO MEDITERRANEAN

Nyon Anti-Piracy Accord Is Thorn In Self Es- teem of Italy

By The Associated Press.
LONDON, Sept. 16.—Great Britain and France rushed their Mediterranean naval activities to virtually a wartime basis today and intimated that Italy must make the next move if she wants to join an "anti-piracy" patrol in the inland sea.

The two powers took the stand that any Italian suggestions, including the demand for patrol parity, would be "considered."

But neither England nor France had any intention of addressing further requests to Rome for collaboration.

Thus, the Italian demands for equality in the Mediterranean patrol scheme remained in a tense diplomatic impasse.

Weighted with powerful depth charges and torpedoes, a mighty Anglo-French armada was mobilized to stop for good all Mediterranean pirate submarine attacks on neutral shipping. War planes became the "eyes" of this fleet.

The first contingent of destroyers to reinforce the vast Anglo-French piracy patrol sped from England toward Europe's trouble-fraught "backyard."

Heavy Munitions Cargoes
A five long narrow fighting craft carried triple loads of depth charges and a full supply of torpedoes with which, if necessary, to blast belligerent submarines out of Mediterranean trade routes.

The munitions cargoes were reminiscent of World War days when Britain battled to prevent German U-boats from cutting off her food supply.

Britain was building her Mediterranean fleet up to 90 ships, including the 42 on regular duty. She and France, as her co-partner in the unprecedented job of policing main sea lanes, will have more than 150 vessels on guard against the under-sea threat to European peace already menaced for 14 months by war on the Spanish peninsula.

From one end of Britain to the other bases rushed to recondition the entire naval reserve fleet which will be held in readiness for emergency.

Preparations were concentrated on destroyers, minelayers, minesweepers, net layers and auxiliary vessels which are best fitted for the

NOMINATIONS FOR ACTIVITY QUEENS

Three candidates for activity queen were nominated by each class at Smith-Cotton high school this morning during the home room period. They are:

Senior class: Eula Marie Duffield, Helen Holtzen and Pauline Sawyer. Junior class: Mildred Baker, Bonnie Nations, and Yvonne Englund.

Sophomore class: Mildred Arnold, Camille Shank and Betty Hill. Freshman class: Mary Ethel McGowan, Dorothy Herrick and Marjorie Anderson.

The eighth grade class did not carry on the voting according to the high school constitution and will revote at four o'clock this afternoon.

From the three candidates chosen this morning each class will elect its queen Friday morning. The class that then sells the most activity tickets will have its queen crowned at the half period of the first football game at Liberty Park.

AUCTION HOUSES FOR PLAYGROUND

Stx houses were sold at auction Wednesday afternoon to make way for an enlarged playground at Whittier school. The houses, garages, fences and other buildings connected with them brought a total of \$1,513.20.

The buildings at 900 East Fifteenth street and 912 East Fifteenth street were sold to Lon Leslie for \$328.35 and \$283.25 respectively; those at 904 East Fifteenth to E. W. Spraggin for \$160.25; those at 910 and 914 East Fifteenth for \$111.10 and \$214.50 respectively to Lou Sours and those at 922 East Fifteenth to Mr. and Mrs. E. E. Siegel for \$395.25.

The houses will be torn down or moved to new sites.

Heber U. Hunt, city superintendent of schools, believes that the new playground will be finished in about a month. The buildings sold occupied half a block.

Kenn Hieronymus was the auctioneer.

ROSENBLUMH IS FREED FROM JAIL

Maxie Rosenblum, who was lodged in the county jail for twenty days on a vagrancy charge after being picked up at the Missouri State Fair grounds last fair week by police officers from Kansas City and St. Louis, today was released and given "harsh" orders to get out of Pettis county and stay out by Sheriff W. L. Marlin.

According to the arresting officers Rosenblum, whom they said has many aliases, is a nationally known pick-pocket. Detective Leo Ghent of Kansas City recognized Rosenblum as he walked through the fair grounds and "tipped" Detective Eugene Scanlon of St. Louis of his presence.

Later the two officers made the arrest at what they said "was a very proper time."

CAUSE FOR BLAST THAT INJURED 75 IS BEING SOUGHT

Explosions and Fire at Weehawken, N. J., Cause Heavy Loss

WEEHAWKEN, N. J., Sept. 16.—Police and fire officials, seeking a cause for the explosions and resulting fire that destroyed a 2-story drug plant and injured 75 persons, began separate investigations today as firemen sought possible victims in the smoldering ruins.

Ten firemen, three of them overcome by smoke and heat, were among the 75 persons treated at two hospitals and first aid stations last night at the height of the spectacular blaze at the S. B. Penick and Company factory.

Police estimated damage at "between \$200,000 and \$250,000," and C. W. Speed, treasurer of the company said the loss would "run well into six figures, anywhere from \$100,000 to \$1,000,000."

The fire, acting Police Chief Michael Lyons said, began in the northern section of the building after an explosion which was "quickly followed by several more."

He said no official determination of the cause would be made until the investigations were completed.

SEPTEMBER CORN UP 5 CENTS BUSHEL

By The Associated Press.
CHICAGO, Sept. 16.—Operators who in a recent burst of optimism sold contracts for delivery of corn this month took a trimming today as prices for the current option were run up five cents a bushel.

Because September contracts must be filled with corn grown in 1936, of which there was a decided scarcity, the sellers or "shorts" found themselves in the unenviable position of promising to deliver corn which they are unable to get. As a result they frantically tried to purchase back their contracts.

MISS COUSLEY BE ABLE TO GO HOME IN FEW DAYS

Miss Eunice Cousley, 809 East Broadway, who underwent an operation at the Bothwell hospital several days ago is showing much improvement and will be removed to her home within a few days, it was said.

It will be several weeks before Miss Cousley will be able to resume her duties at the Smith-Cotton high school.

TAMMANY FORCE IS AT STAKE IN PRIMARY TODAY

Bitterly Fought Campaign Followed By Violence as Voting Starts

KLAN ISSUE INTO POLITICAL FIGHT

Three Major Candidates La Guardia, Copeland and Mahoney

By HENRY PAYNTER
NEW YORK, Sept. 16.—Tammany's fate as a political force may be determined today by the vote of 1,000,000 enrolled Republicans and Democrats in a mayoralty primary contest of extraordinary bitterness.

The outcome of their election may also have far reaching import and national interest in both major parties.

Primary bitterness brought violence before dawn, when a mob wrecked a lower east side drug store owned by Benjamin Brown, assembly candidate, who is involved in a bitter district fight between rival Tammany factions.

This was the second outbreak in the district, four men armed with axes, knives and pistols having wrecked a bar owned by a participant last Monday.

There are three major candidates:
Mayor Fiorella H. La Guardia, fusion, pro-new deal incumbent, is a candidate for the Republican nomination. His opponent is United States Senator Royal S. Copeland, writer and radio talker on medical subjects, foe of many new deal policies.

Senator Copeland is also, as the designee of Tammany, a candidate for the Democratic nomination, where his only opponent is Jeremiah T. Mahoney, president of A. A. U., choice of the four pro-new deal Democratic borough leaders of the city (Tammany is restricted to Manhattan).

Norman Thomas is unopposed for the Socialist nomination. A last minute development was the sudden growth, admittedly in Tammany strongholds, of a movement to write in La Guardia's name on the Democratic ballots.

Smith in Windup Speech
Former Governor Alfred E. Smith, in the windup speech in behalf of Copeland contended himself with an attack on the La Guardia administration for "high taxes" but made no mention of the Ku Klux Klan. Copeland campaign head-quarters had announced he would discuss the subject but Smith said he had no such intention.

The Klan was injected into the campaign by Copeland following renewed charges that Supreme Court Justice Hugh L. Black was a mem-

CAN 400 QUARTS FOR MELITA NURSERY

Members of the board of the Melita Day Nursery and its matron, Mrs. E. L. Edgington, are deeply grateful for the fruit and vegetables sent to the nursery during the past spring and summer months.

They especially wish to thank the community clubs of Georgetown, Longwood, Beaman, Striped College and Maplewood communities, who have contributed quite liberally. There have been many donations from individuals as well.

Mrs. Edgington, by reason of these donations, has been able to can four hundred quarts of various fruits and vegetables which will supply the nursery with much needed items during the winter months.

If there are yet those in the community who have a surplus of fruits or vegetables the nursery can make splendid use of them and will defer the necessity of soliciting funds for purchase of supplies such as these.

EMPLOYERS HERE RECEIVE UNEMPLOYED BLANKS

The merchants, manufacturers and other employers of workers received by mail Wednesday their first blanks for reporting under the new unemployment measure passed by the last legislature. Mailed with the report are explanations of the law.

The initial report asks all employers to record how many workers they have in their employ and if they have eight or more, whether or not eight workers were employed in twenty different weeks in 1936 or 1937.

The main purpose of the law is to provide a long range program looking forward to the stabilization of employment, to help business in depression and to promote the highest possible degree of cooperation between the employers and employees.

PURITY COMPANY REACHES TENTATIVE UNION AGREEMENT

A tentative agreement between the International Baker's Union and the Purity Baking Company was reached Wednesday night after a conference between John Simmons, Springfield, Mo., a representative of the International, and bakery officials.

The contract drawn up needs only the sanction of the Chicago office of the baking company before going into effect. It concerns wages, hours and classification of the bakers.

Jefferson City, Sept. 16.—The Pettis County Council of Parent-Teacher Associations which represents the Congress P. T. A. units in the county has prepared an educational display in the Sedalia Public Library for this week.

The theme of the exhibit concerns the study courses which are sponsored by the National Congress of Parents and Teachers. This is the first of four displays which will be arranged by the Council during the 1937-38 school year through the cooperation of the library staff.

FEAR JEFFERSON CITY MAN LOST SAVINGS TO GYPSIES

JEFFERSON CITY, Sept. 16.—(AP)—Louis Miller, 72, reported to police last night that two gypsy women who had been reading fortunes here had the "spirits" increase his savings from \$50 to a total of \$500.

They then promised him, he said, that if he left \$550 with them, they would have the "spirits" increase it to \$5,000.

After waiting in vain for the gypsies to return from a three-day trip, Miller decided to open the money box and found it empty.

The state highway patrol joined the police in search for the gypsy pair.

APPEAL IS TAKEN ON A FEES CASE

A motion for a new trial filed in circuit court several days ago by Job Harmed and Frank W. Hayes attorneys for the Pettis county court in the case of Judge Jacob E. Smith, probate judge of Pettis county, who was given a decision by Judge Dimmitt Hoffman in the matter of where state auditors declared Judge Smith was indebted to Pettis county in the amount of \$911.42 in fees collected, was overruled this morning by Judge Hoffman. An appeal to the Supreme Court of Missouri was immediately filed and granted by Judge Hoffman. The case has to do with interpretation of the law relative to fees.

Judge Smith had filed for an opinion from Judge Hoffman last summer and it was given the first part of the September term of court, favoring Judge Smith. The opinion also favored Judge A. M. Harlan, former probate judge, who State Auditor Forrest Smith claimed owed Pettis county a sum approximately \$1,300, following a report made to him by the state auditors who were in Sedalia early last spring.

Attorneys in the case believe inasmuch as it will have bearings on other county officials, not only in Pettis county, but in other counties in the state where similar reports have been made by the state auditor the hearing on the appeal will come up early in the higher court.

FILE TWO MORE CHARGES AGAINST WILLIS ARMOUR

Being Held In Jail on Accusation of Robbery and Kidnaping

Willis Armour, charged with first degree robbery in connection with the kidnaping of Phil Russell and his daughter, Phyllis Russell, aged nine, following an automobile accident on north highway No. 65, June 13, today was charged under two other counts, one with leaving the scene of an accident and another for felonious assault upon Grover Thomas.

Armour appeared before Justice of the Peace W. R. Large and was arraigned after which a preliminary hearing was set for September 20.

He is held in the county jail in default of a \$10,000 bond on the kidnap charge waiting his trial in the October term of criminal court.

Armour, it was alleged was driving a Ford car which crashed into the Oldsmobile sedan of Mr. and Mrs. Rupert Parker, doing considerable damage to both machines. After threatening the occupants of the automobile and also Mr. Thomas as who had gone to the scene of the accident, he disappeared across a field.

Several hours search failed to find any trace of him until after Mr. Russell and his daughter had returned from highway junction 65 and 40 after being put out of the car by Armour who had taken them in custody as they drove into a farm yard a short distance from the scene of the accident.

Armour was later captured at Fort Worth, Texas, and returned to Pettis county.

CHINA'S PLEA GOES
TO COMMITTEE

GENEVA, Sept. 16.—The League of Nations Council put China's appeal against Japanese aggression in the hands of a revived advisory committee today and asked the United States to participate in its deliberations.

Quick dispatch of invitations to Washington and 22 other capitals made it certain that the United States must decide soon if she will cooperate with the committee, on which her representative formerly served.

By its action the league also pushed into the background any question of sanctions against Japan—at least for a time. With China's conditional approval, the council shelved her appeal under the covenant article XVII—the sanctions section.

The committee which will now hear the protest may ask both Japan and China to state their cases—something Japan is not likely to do. She has made it plain she will ignore any league mediation whatsoever in her undeclared war in the east.

JAPANESE DRIVEN OUT OF LOTIEN BY CHINESE TROOPS

Heavy Rain Slackens The Activities Along a 30- Mile Front

(By JAMES A. MILLS)
SHANGHAI, Sept. 16.—Chinese troops attacked in force today from the center of their strong Shanghai defense line and drove the Japanese from battle-scarred Lotien, 15 miles northwest of the international settlement.

Despite a steady rain, the Chinese troops were said to have broken a mechanized Japanese attack. Counter charging, they drove out the Japanese who had entered the town with armored cars and tanks.

Lotion has changed hands countless times in the five weeks of battle in the Delta.

The Chinese spokesman said that the heavy rain had slackened activities along the entire 30-mile front from Shanghai's north station northwest to the Yangtze river. The Japanese, he said, were having great difficulty moving their motorized units through the mud-mired roads.

Cholera Is Spreading
A cholera epidemic reaching grave proportions spread through the foreign sectors of Shanghai today, striking down more than 100 additional victims overnight.

The sweep of the dread plague raised the number of cases in the international settlement and the French concession alone to 740. There are an additional 1,400 suspected cases in the two areas.

In the Chinese sections of the city, where war refugees have been huddled together without even the most primitive sanitary provisions, the number of cases was believed in the thousands. It has been impossible even to estimate the number affected outside the settlement and the French concession.

Most of those stricken are Chinese who have been forced into Shanghai from the war zones ringing the city. The native population of the foreign sectors has been almost doubled by the tragic army of homeless civilians. Only a few foreigners have been affected.

Major Operations Loom
Major operations in the Shanghai sector can be expected soon, a Japanese army spokesman said, now that Gen. Iwaki Matsui has taken over the high command in the area. He indicated the long-

TRY TO BREAK RAIL WAGES DEADLOCK

By The Associated Press.
CHICAGO, Sept. 16.—(AP)—Spokesmen for 86 of the nation's major railroads and for the five operating brotherhoods met jointly for the first time today with Dr. William M. Leiserson, chairman of the National Mediation Board, who has been endeavoring to break a deadlock on union wage demands.

The carriers' conference committee of 15 was headed by H. A. Enoch. The brotherhood chiefs were Alvaney Johnston, locomotive engineers; D. B. Robertson, firemen and engineers; J. A. Phillips, conductors; A. F. Whitney, railroad trainmen and T. C. Cashen, switchmen.

Dr. Leiserson began mediation after the two groups had deadlocked after several weeks of discussing the brotherhoods' demand for a 20 per cent wage increase.

Enochs denied a report that the railroads are planning to offer the employees a series of three hourly wage increases of 2 cents each in the next six months.

SEVERAL KILLED IN MADRID BY SHELLS

By The Associated Press.
MADRID, Sept. 16.—Insurgent shells pounded central Madrid at 5-minute intervals today, killing several persons.

The bombardment came after two weeks of artillery inactivity. It began about 11 a. m., and there were some casualties before people in the downtown district could take cover.

Government guns replied to the fire, which came from nearby hills. There the insurgents have laid siege to Madrid for almost a year.

Several of the shells fell in the Moncloa district and near the National Palace, where a famous collection of medieval armor was damaged.

Government authorities said the shelling had little military importance. It followed upon last night's bombing of Valencia, the temporary capital.

BURNED FIREMAN STEADILY IMPROVES

Lloyd "Dutch" Gordy, 638 East Third street, fireman at Fire Station No. 2 who was seriously burned in a fire at the Charles H. Bard Jewelry store, on South Ohio avenue July 10, is showing steady improvement at the Bothwell hospital.

Gordy is expected to be removed to his home about October 1. At present he is able to be up and about the hospital in a wheel chair.

Fireman Harry "Dutch" Stoble, 112 South Quincy avenue, also burned in the fire, is able to be up and about the city but as yet unable to resume his duties at the fire station. He is expected to return to his work in a short time.

Fireman Stoble was dismissed from the hospital several weeks ago.

PAY UNDER THE BUDGET LAW TO THE TREASURERS

State Auditor Rules It May Be Done If Funds Are Available

By The Associated Press.
JEFFERSON CITY, Mo., Sept. 16.—County courts were advised by State Auditor Forest Smith today that the county budget law would not interfere with salary payments to the new county treasurers, after they are appointed, if sufficient funds are available.

Smith said he differed somewhat from an informal opinion by Attorney General Roy McKittick who held the new officers, whose appointments were authorized under an act which went into effect September 8, could not be paid until the first of next year. No formal ruling has been prepared, however.

"The prime purpose of the county budget law," Smith asserted, "is to keep the counties from spending more money than they have available."

"Under the act," he added, "the treasurers could be paid under class 5 or 6, which provide for payments from an emergency fund, and for expenditures of any balances for lawful purposes."

Smith said he had been informed that about a dozen counties were without funds to pay the new officers, salaries of whom are fixed by the county courts. In some counties, he asserted, the county collectors have promised to serve gratuitously if they were appointed as treasurer.

The office of county treasurer was restored by the last legislature in 74 counties, and Governor Lloyd C. Stark has announced his intention to name them upon his return from his eastern vacation. He plans to return the latter part of the week.

"Meanwhile there has been considerable confusion, since the attorney general had held the collectors are now without authority to issue warrants and fulfill other duties of the treasurer."

C. L. Hanley, Guy T. Callendar and J. T. Alexander were chosen delegates and Ben Robinson, L. B. Pratt and L. A. Pharris alternates to the Kiwanis District convention to be held in Wichita, Kansas October 10 to 13, inclusive.

UNLOAD PLANES BILLED FOR CHINA

SAN PEDRO, Calif., Sept. 16.—A crew of twelve longshoremen started unloading the 19 bombing planes from the China-bound freighter Wichita to a three hundred ton barge in the outer harbor here today.

What disposition would be made of the planes—whether they would be stored here or loaded on another ship bound for the Orient—could not be determined immediately.

The Wichita dropped anchor in the roadstead just inside the breakwater and several miles from port last night. A fueling barge was tied fast last night but whether the vessel had been refueled to continue its journey from New York also was a mystery.

The action was in compliance with President Roosevelt's order this week forbidding government-owned vessels to transport arms, ammunition or implements of war to China or Japan. The freighter is under lease to the American Pioneer Line.

It was understood here that the vessel also would unload its cargo of machine guns, scrap metal and barbed wire, consigned to China.

The action of the company in having the Wichita anchor in the outer harbor came after crew members announced they would not proceed unless paid a war bonus of \$250 each.

DUAL OATH TAKEN BY HUGO L. BLACK TO BE JUSTICE

Repercussions Continue on Allegations He Was Klan Member

By The Associated Press.
WASHINGTON, Sept. 16.—Charles E. Cropley, clerk of the supreme court, disclosed today that Hugo L. Black already has complied with the legal requirements of becoming a supreme court justice by taking a dual oath.

When Black on Aug. 19 pledged to uphold the constitution in taking the oath of office before C. F. Pace, senate financial clerk, Cropley said, he also subscribed to a printed department of justice form for use of federal judges.

It contains besides the constitutional oath one pledging impartial administration of justice, and has been filed with the justice department.

Cropley added, however, that he assumed Justice Black will repeat the second oath at the bench when the supreme court begins its fall term on Oct. 4.

Repercussions continued, meanwhile, over allegations that Justice Black is a member of the Ku Klux Klan.

Postmaster W. Cooper Green of Birmingham, Ala., associated manager of Black's 1932 senate campaign, made public a list of persons whom he said obtained government positions with Black's recommendation.

"Not Religiously Prejudiced." The list, he said, contained the names of four Jews and nine Catholics. It demonstrated, he declared, that Black was "not religiously prejudiced."

The new justice, vacationing in England, remained silent on the charges. He is expected to return here before the term of court begins.

Would Vote To Impeach.
NEWARK, N. J., Sept. 16.—(P)—Representative Edward L. O'Neill (D-N.J.) said today that Representative John P. O'Connor (D-N.Y.) was canvassing congressmen on their "attitude of possible impeachment proceedings against Supreme Court Justice Black."

Tammany Force Is At Stake In Primary Today

(Continued From Page One)

ber of the order. The senator asserted Mahoney, as a new dealer, was upholding the appointment of a member of the Klan to the bench. Mahoney retorted that Copeland had received Klan support in 1928. Copeland repudiated the Klan following the announcement of Imperial Hiram W. Evans that he approved Copeland's candidacy.

Each candidate confidently predicted his own election, and their supporters today produced the usual tables of figures to prove their claims of victory.

La Guardia, pro-new dealer and liberal, confined his primary campaign to a single speech to Republican women in which he said he would not "beg" Republican nomination and that he would campaign solely on a platform of "honest, efficient municipal government."

Both Copeland and Mahoney have at various times during the campaign praised La Guardia in breathless spells between their furious onslaughts upon each other, warring with each denying support of the Ku Klux Klan and accusing the other of accepting it.

Behind the hectic Copeland-Mahoney imbroglio which has tumbled through the Spanish situation, the Nazis, Chinese problems, the five cent fare, pure milk, party loyalty, and the new deal, its Tammany's frantic battle for life.

Might Mean The End
A crushing Tammany defeat in this election in view of some political experts might mean the end of Tammany. In the past hundred years or so since Tammany first gained political control of the city, the tiger has lost it about once in a generation to the "reform" mayor. La Guardia, swept in on the heels of the Seabury investigation, was such a mayor. In the past, however, Tammany has merely bided her time, for no "reform" mayor has lasted more than one term. If La Guardia is reelected he will set a record.

But Tammany suffered doubly this time because not only was there no local patronage, but the Democratic National administration withheld patronage, too, and a revolt brewed.

Postmaster General James J. Farley, national and state chairman of the Democratic party, sought to extend into Tammany's bailiwick, Manhattan, the control he had obtained over the party machinery in the other four boroughs.

When the showdown came, the Farley faction lost. The anti-new deal faction counseled by Smith picked Copeland. The other four county leaders picked Grover A. Whalen, who withdrew in favor of Mahoney, himself a Tammany district leader, but of the Farley faction.

Japanese Driven Out Of Lotien By Chinese Troops

(Continued From Page One)

heralded big push to drive the Chinese into the interior might be in the offing. The Japanese strength at Shanghai has been estimated variously at from 60,000 to 120,000 men.

The Japanese spokesman said that the Chinese now have 29 divisions of 500,000 men in the Shanghai and Soochow areas with 13 divisions massed in the immediate Shanghai area. Two of these, he said, were strongly entrenched in the Pootung area across the Whangpoo river from Shanghai proper.

At least one German field officer, acting as technical adviser to the Chinese commander, is attached to each division in the field, while other German experts are attached to the various military organizations in Nanking.

The highly efficient, unofficial general staff of 60 German world war veterans is headed by China's ranking tactician, Gen. Baron Alexander von Falkenhausen. He is working in close cooperation with Gen. Chen Cheng, chief of the general staff, and Gen. Pai Chung-Shi, general field commander.

The Nanking government declared the Japanese had built an air-drome at Pailungkang on the coastal fringe of the Pootung area at the mouth of the Yangtze.

Fear of the outbreak of hostilities again in Pootung, placing the settlement in danger from shell fire, is one of the reasons for holding the foreign community from settling down to normal life. The management of the Cathay and Palace hotel announced today they would be reopened Saturday.

Flag Not Protect
A Japanese embassy spokesman announced today that the American flag could not be considered protection for Chinese property mortgaged to American banks and other institutions.

The question was raised in connection with the recent bombing of the Wing On company's cotton factory at Woosung, which flew the American flag because it was mortgaged to an American concern. The same rule would apply to all foreign mortgaged property, he said.

Casualties among the Japanese officers and men in the Shanghai sector were placed by a Japanese army spokesman at 950 killed and 2,754 wounded between August 23 and September 13. These figures do not include Japanese marines who suffered heavily.

Japanese reported today that the center of the Chinese battle front in north China had been shattered and Gen. Wan Fu-Lin's Manchurian divisions were in full retreat.

Latest Japanese advice from the front 30 miles due north of Peiping said the 100-mile long Chinese line had been split and its left wing was being driven to the west by repeated hammer blows from the pursuing Japanese.

Japanese headquarters described the advance as the greatest offensive undertaken by the Japanese army since the Russo-Japanese war. The capture of Gen. Wan's headquarters at Kuanshsien, just south of the Yungting river, was said to have exposed his right flank and threatened to fold up all Chinese forces between Peiping and Tientsin.

The fall of Kuanshsien opened the way for a wide wheeling movement to the west along the highway from Peiping to Poatungfu, the Chinese general headquarters. Such a Japanese move would drive straight across the center of Hopei province.

Japanese troops were pouring across the Yungting river. Some 60,000 were said to have taken part in the rout of the eight Chinese divisions—about 100,000 men—along the western 70 miles of the north China front.

Behind a spearhead of 20,000 Japanese cavalry, strong tank units, mobile artillery and airbombers were pushing the Chinese to the west. Foreign military observers said the cavalry operation was the greatest since the world war.

Japan's army was bringing its highly mechanized units into full play. An army spokesman said that weather conditions in north China with the end of the rainy season, were now ideal for operations.

A decisive battle was imminent, he declared, although he would not say where he expected it to be fought.

No Mention of Black in Campaign Speech

NEW YORK, Sept. 16.—(P)—Alfred E. Smith went on the air last night in a speech which had been announced in advance as a projected attack on Supreme Court Justice Hugo L. Black for his purported Ku Klux Klan connections—and made no mention of either Black or the Klan.

Two days ago the campaign headquarters for Senator Royal S. Copeland, Tammany-designated anti-new deal candidate for the New York city mayoralty whom Smith is supporting, had announced that the former governor would deal with the Black matter in his talk.

But the 1928 Democratic presidential candidate uttered no word about the Black reports.

Clark Would Not Have Voted to Confirm Black

ST. LOUIS, Sept. 16.—(P)—U. S. Senator Bennett Champ Clark, in a statement announced by his secretary, said last night he "certainly would not have voted to confirm Justice Black if I had been aware of his Klan affiliations."

"In my judgment he could not have been confirmed if these facts had been known," the statement continued. "The prejudice and intolerance of the Klan are contrary to the bill or rights of the constitution which must be construed and enforced by the Supreme court."

Montague Witness

Roger Norton, 35, truck driver who was taken to Elizabethtown, N. Y., from Cleveland, O., as a material witness in the trial of John Montague, golfing playmate of motion picture stars, is shown in the Elizabethtown courtroom where Montague will be tried for a seven-year-old holdup.

DISCUSSIONS ON COURT ISSUE IN THREE ADDRESSES

President and Two Senators To Speak on The Constitution

WASHINGTON, Sept. 16.—President Roosevelt and two staunch opponents of his judiciary reorganization program will engage in a three-sided discussion this week-end which may add new fuel to the nationwide controversy over the supreme court.

Each will give a speech inspired by the observance tomorrow of the 150th anniversary of the signing of the constitution.

Senator Borah (R., Idaho), long recognized as an authority on constitutional law, will lead off tonight at a Masonic meeting.

President Roosevelt's address, which may hold the key to his future court policies, will be delivered at the base of the Washington monument tomorrow night. It will be the principal Constitution Day rally.

Senator Vandenberg (R., Mich.), will round out the discussion with a speech Saturday at a Michigan political rally. His subject is "The Republican Challenge."

Although there was no advance indication that any of the speeches will be a direct rebuttal to the others, they will represent widely divergent viewpoints. Consequently Washingtonians were referring to them as a "debate" which may draw issues carrying over into the 1938 congressional elections.

Mr. Roosevelt still regards some reorganization of the supreme court as desirable and he may weave his views on the constitution into a discourse on current judicial questions.

He put finishing touches on his address today.

Whetting interest in all three addresses is current discussion over the alleged Ku Klux Klan membership of Justice Hugo L. Black, whom the President recently named to the only supreme court vacancy which has occurred during his administration.

Mr. Roosevelt has said he received no information from any source that Black was a Klansman prior to appointing the former Alabama senator.

It thus was not expected the executive's address would touch on that angle of the court dispute.

Argue on Interpretation
The constitution anniversary finds nearly as much argument over the interpretation of that historic document as there was over its adoption.

On a Sunday, 150 years ago today, important maneuvering was going on in Philadelphia. About the taverns, between the book-filled walls of Benjamin Franklin's library, and at the more pretentious home of Robert Morris where George Washington was living, members of the constitutional convention were putting their heads together.

Gouverneur Morris, the Philadelphia aristocrat; James Madison, the Virginia student; Benjamin Franklin the aged sage of Philadelphia; George Washington, the strong-minded farmer-herd and many more were very busy.

Already they knew that Edmund Randolph and George Mason, Virginians whose opinions were not to be lightly cast aside, and Elbridge Gerry, the shrewd lawyer from Massachusetts, would not sign. They knew, too, that others would be slow to sign, even though a majority of each delegation was favorable.

So Gouverneur Morris evolved a plan by which an appearance of unanimity was given to the document which was put before the states. Morris believed it would have a better chance of adoption if it came from Franklin.

On the morrow Franklin came in with a speech which James Wilson of Pennsylvania read for him. The motion was adopted. And at the bottom of the document, just above where the delegates signed their names to the parchment, is this phrase:

"Done in convention by the unanimous consent of the states."

One-Minute Test
1. Is an Indian eligible to the presidency?
2. What is Canada's national anthem?
3. What is a fiscal year?

Hints on Etiquette
It is discourteous to stop on a busy thoroughfare to chat with someone you have met. If you meet an old friend with whom you would like to have a little talk, walk on with him slowly.

One-Minute Test Answers
1. In June, 1924, congress passed a law making all Indians citizens. This means that all Indians born in the United States after that date are natural-born citizens and hence eligible to the presidency.
2. "God Save the King" is the only anthem which has official sanction in Canada.
3. The fiscal year is the year between one annual time of settling accounts and another.

WHEN IT ISN'T HOT AND IT ISN'T COLD

THE worst times of the year for heating are the in-between seasons....when it isn't cold enough for a steady furnace fire....yet mornings and evenings are too chilly for comfort.

For these in-between days...a GAS-FIRED RADIANT HEATER is your most economical and healthful answer. Light it...and it immediately floods the room with cheery heat. But you use it only when you need it to hold down fuel costs. Come in and see the beautiful new, efficient models today.

Making the grade

GROWING children with an abundance of energy usually do make the grade...and with ease. Every thoughtful mother recognizes this fact...mothers know too that children need help to build and maintain blood strength.

Particularly is this true with those who have suffered some illness or who look pale...tire easily...are underweight or have lost their zest for food.

S.S.S. Tonic is especially designed to build-up children's health through the red-blood-cells, thus putting them in better condition to enjoy the food they eat and to regain lost weight...all which make for strength and vitality.

Help your child to "make the grade" by starting him or her on a course of S.S.S. Tonic now. There is no substitute for this time-tested remedy and no ethical druggist will suggest something "just as good."

WAVERING ON THE STOCK MARKET

NEW YORK, Sept. 16.—(AP)—A belated rally in the rails helped to stiffen a wavering stock market today and many issues pushed up fractions to 3 or more points.

Carriers responded to reports a compromise wage agreement was in the offing, with management and brotherhood representatives meeting with the federal mediator in Chicago. Hopes were also revived of a boost in freight rates being granted by the Interstate Commerce Commission.

Steels and other metals were resistant throughout and they found no special difficulty in keeping pace with the transportation group.

Coppers were inclined to back away on indications of growing production and waning consumption of the red metal.

Another drop of the French franc to a new low since 1925 attracted fresh attention in the financial district. Both domestic and foreign news provided little inspiration either way.

Transfers approximated 900,000 shares.

Dry Grass Caught Fire
Both fire departments were called to a vacant lot at 1101 West Tenth street where dry grass had caught fire at 1:14 o'clock this afternoon. The East Sedalia department remained to watch the grass which they let burn off.

Anniversary of Mr. and Mrs. Harry Sneed

Mr. and Mrs. Harry N. Sneed, Wednesday celebrated their golden wedding anniversary at their home on route four with open house in the afternoon and evening. More than 150 friends and relatives visited the Sneed home during the day to congratulate the couple and wish them many more happy years of married life.

Mrs. Sneed, nee Delia May Decker, and Mr. Sneed were married by the late Reverend Herron, pastor of the Broadway Presbyterian church of Sedalia, at the old Decker family home two miles east of Sedalia on September 15, 1887. They have continued to make Pettis County their home residing on a farm in the Smithton vicinity for many years and leaving that community about thirty years ago to move to their present community.

Of their wedding party only three persons besides themselves are living, they are Mrs. Perry Dewese, Mrs. Sneed's sister Miss Susie Decker, and her nephew, Collins Thompson.

During open house friends and relatives assisted Mrs. Sneed in serving refreshments.

Among the relatives present were their two children, John S. Sneed and family, their daughters Mrs. H. G. F. Schmidt and family of St. Joseph, Mr. and Mrs. Collins Thompson and family of St. Louis, Mr. and Mrs. George Montgomery of Kansas City, Dr. and Mrs. Charles W. Greene of Columbia, Dr. David F. Manning and daughter of Marshall, Mr. and Mrs. Lee Montgomery and Mr. and Mrs. George V. Sneed and Mr. and Mrs. John Z. Montgomery all of Sedalia.

Oldtime friends residing in Smithton, Sedalia and other parts of the county were there.

Mr. and Mrs. Sneed reported a most perfect and enjoyable day.

PERFECT JELLIES AND MORE LEISURE WHEN YOU FOLLOW THE NEW RECIPES
(By Alice Blake)
Have you any of those quaint, old-fashioned cook books stored away under the eaves? They're charming things to read, now and then...if you don't have to follow their recipes! Just fancy making

long-boil jellies, for instance, in weather like this—when all outdoor doors is so much more interesting than even the nicest kitchen could hope to be.
Grape season is one of the loveliest times of year, but then, on the other hand, what's better than a cupboard stocked with delicious grape jellies and jams? That's where these efficient, short-boil recipes come into the spotlight! Barely fifteen minutes after the fruit is

prepared you're ready to paraffin your perfect product, wash the jelly kettle, and take the rest of the day off.

Here are 1937's favorite recipes for the family's favorite spreads:

Grape Jelly
5 cups (2½ lbs.) juice
6½ cups (2¾ lbs.) sugar
1 box Sure-Jell

To prepare juice, stem about 3½ pounds fully ripe grapes and crush thoroughly. Add 1½ cups water, bring to a boil, and simmer, covered, 10 minutes. Place fruit in jelly cloth or bag and squeeze out juice.

Measure sugar into dry dish and set aside until needed. Measure juice into a 5 to 6-quart saucepan, filling up last cup with water if necessary, place over hottest fire. Add Sure-Jell, mix well, and continue stirring until mixture comes to a hard boil. At once pour in sugar, stirring constantly. Continue stirring, bring to a full rolling boil and boil hard ½ minutes. Remove from fire, skim, pour quickly. Paraffin hot jelly at once. Makes about 11 glasses (6 fluid ounces each).

Grape Conserve
4 cups (2 lbs.) prepared fruit
Grated lemon rind
¼ cup lemon juice
7 cups (3 lbs.) sugar
½ lb. seeded raisins
1 cup finely chopped nut meats

½ bottle fruit pectin
To prepare fruit, stem and crush well about 3 pounds fully ripe grapes. Add ¼ cup water, bring to a boil, and simmer, covered, 30 minutes. Remove seeds and skins by sieving. If desired, chop or grind skins by sieving. If desired, chop or grind skins and add to pulp. Grate rind and squeeze juice from 2 lemons.

Measure sugar and prepared fruit into large kettle, filling up last cup with water if necessary. Add lemon rind and juice, raisins, and nut meats, mix well, and bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 1 minute. Remove from fire and stir in bottled fruit pectin. Then stir and skim by turns for just 5 minutes to cool slightly, to prevent floating fruit. Pour quickly. Paraffin hot conserve at once. Makes about 12 glasses (6 fluid ounces each).

FAMOUS DIONNE QUINS ARE WELL-MANNERED

Not one of the Dionne Quins knows the meaning of physical punishment, but each little girl is acquainted with the "solitary confinement" method of discipline. They each know that acting silly at the table, quarrelling, refusing to lie quietly in bed, and selfishness are "bad." Emilie, it is reported, one day bit Cecile on the back because she wouldn't play and then immediately upon her own accord offered her hand to the nurse, signifying that she was ready to be punished. It seems to be mischievous Emilie, too, who likes to run into the dining room at meal time. Then, knowing that this is forbidden, she turns on her heels, goes out of the room and demurely re-enters walking very slowly.

Discipline is just as important in the training of the Quins as in the training of other energetic three-year-old children. And, likewise, food is an important factor in the raising of all three-year-olds. For example, it is important that the right cereal be selected for growing children.

Oatmeal was chosen for the Dionne Quins' cereal. Oatmeal with milk is considered a fine source of muscle-building protein, body-building minerals and food energy. Not to mention Vitamin B which is effective in bracing up nerves, digestion and appetite when they are in poor condition due to insufficient

Vitamin B.
If you have any growing children in your family, plan to give them every day the famous Dionne Quins cereal, Quaker Oats.

SUNDAY DINNER Suggestions

By ANN PAGE

SCHOOLS are open or opening, the weather is cooler and young appetites need lots of wholesome food. Remember that milk and cheese with bread and other cereals together with fruits and vegetables are the foundations of a growing child's diet. Then add eggs and some meat, fats and sweets and they will be well fed. Vegetables and fruits are abundant and, in general, low in cost, particularly beans, beets, celery, peppers, potatoes, squash and tomatoes and apples, grapes, peaches, pears and fresh plums. Seasonable and reasonable foods make up the following menus.

Low Cost Dinner
Shoulder Lamb Chops
Creamed Potatoes
Glazed Carrots

SUPPER PARTY SUGGESTIONS

By MARTHA LOGAN

Whether you are one of the fortunate through which goes to the game, or one of the countless number who sit comfortably around the radio and listen to the exciting description of the travels of the pigskin, the game furnishes a good excuse for one of those so-called buffet supper parties. This "serve-yourself" type of party can be so elastic as to guests that two or three, more or less, do not upset the plans of the hostess. Another point in favor of this service is that the food served is of the type which may be prepared early and kept without deterioration of flavor or appearance until serving time.

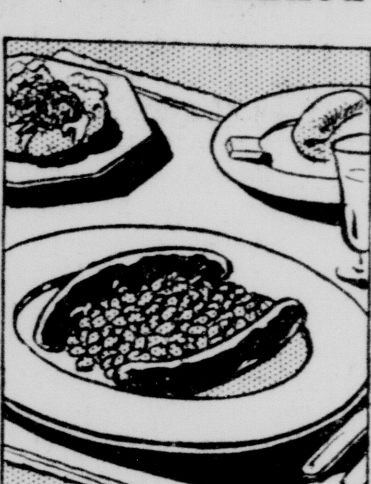

To appease fall appetites, a whole or half baked ham makes a regal central point round which the menu is built. If the guests number eight or nine, you may prefer to select the butt end of a 14 to 16 pound ham, rather than a small whole ham. This may be baked in the morning and served cold, or baked later and kept hot until serving time.

A ham is one of the easiest meats to prepare if baked this way. Wash and wrap the ham in clean wrapping paper. Place fat side up on a rack in a dripping pan, or use your broiler rack and pan if you have an electric or gas oven. Bake in a moderate oven (325 degrees F.) for about 30 minutes per pound if the ham was at room temperature of 70 degrees F. when it was placed in the oven. Of course, if the ham was very cold, you must increase the baking time.

The surest way to determine when

Martha Logan Says

We'll Take Them Canned

Baking beans is one of the many processes that, in most homes at least, has been turned over to the scientific kitchens of a canning company. For the two or three-member family it doesn't seem practical to

bake a small quantity of beans, and, then too, there are delicious canned baked beans to suit almost every taste, and at such reasonable prices.

For an extra good dinner or supper suggestion, try a casserole of

hot baked beans topped with frankfurts. Bake until the frankfurts are well browned. Serve with coleslaw, graham rolls, and a fruit dessert some night when time is short and appetites are hearty.

the ham is done, is to use a meat thermometer. There are several makes on the market that cost about \$1.50. In the course of a year you will save this cost many times over by having perfectly done roasts. To use a thermometer, make an incision in the thickest part of the ham with a skewer, ice pick, or sharp knife. Place the bulb of the thermometer in this incision so that it rests in the center of the ham but not on fat or bone. Bake until the mercury registers 160 degrees F.

Some hams are smoked to a higher temperature than others; for the hams, follow the directions given with the ham.

After this baking period, remove the paper and the ham is ready to be skinned—or, if it was a skin-off ham, just score the fat and apply a

glaze to give added appetite appeal to the finished product. Some good glazes are:

1. 1/2 cup brown sugar and 1 tablespoon of flour.
2. 1/2 cup sugar and 2 tablespoons orange juice and grated rind.
3. 1/2 cup honey.
4. 1/2 cup orange marmalade.
5. 1/2 cup sugar and 2 tablespoons mustard.

Whole cloves are often stuck into the fat at regular intervals to give flavor and an added touch.

Now place the ham back on the rack in the pan. Bake in a hot oven (400 degrees F.) for about 15 minutes or until the glaze is well browned.

If baked by this method without water or covering the pan and in a very moderate heat, the ham will retain its shape and there will be just about a cup of drippings. Such a ham will be tender and juicy and will slice easily.

Needless to say, you should select a first-quality ham to begin with. Each brand of ham has its characteristic flavor developed by special curing formula, and by the nature and length of the smoking period. Again, the quality of the fresh pork is of utmost importance in the finished product. There is a real reason for the popularity and high rating of certain brands.

Let's build a buffet supper around

FACTS AND FANCIES
Grapefruit Ice
One and one-half cups sugar, three-fourths cup white corn syrup, one and three-fourths cups water, six tablespoons lemon juice, one can grapefruit (segmented and juiced). Cook sugar, syrup and one cup of

the water to soft ball stage (240 degrees F.). Add lemon juice and water. Cool. Cut grapefruit segments into small pieces with scissors. Add segments and grapefruit juice to cooled syrup. Freeze in trays of automatic refrigerator (or in ice

and salt). Serve with the meat course, or as an entree. This amount makes two quarts.

TRY TODAY...This Delicious Bread That's Baked In AIR-CONDITIONED Ovens

See For Yourself How Much More Tender It Is And How Much Longer It Stays Moist And Fresh

NOW expect new things! For here is bread that is baked in air-conditioned ovens! It is called Taystee Bread—and is so much more tender that you will be amazed when first you try it. It will give your whole family a new conception of how completely delicious bread can be!

Each loaf is baked in air-conditioned ovens where temperature and moisture are scientifically controlled. It is not subjected to dry heat. For dry heat not only acts to toughen the crust—but tends to drive flavor out.

Moist heat, on the other hand, avoids this "parching" effect. Natural flavor is heightened—and the bread is more tender, with a doubly tender crust.

Also important—bread baked in air-conditioned ovens retains its freshness longer. It doesn't dry out as fast as bread baked in less modern ways.

So next time don't just ask your grocer for a "loaf of bread." Get Taystee Bread. Ask for it by name.

When you buy it, feel it in the package. Note how much softer and more tender it is... When you get it home, examine a slice and see what a delicate, lacy texture it has... Then taste it. And see how much more it tastes like home-made bread!... Why not order a loaf today!

Mrs. C. E. Davis, 50-Time Prize Winner And Champion Bread Baker

At Noted Glasgow Free Fair, Says:

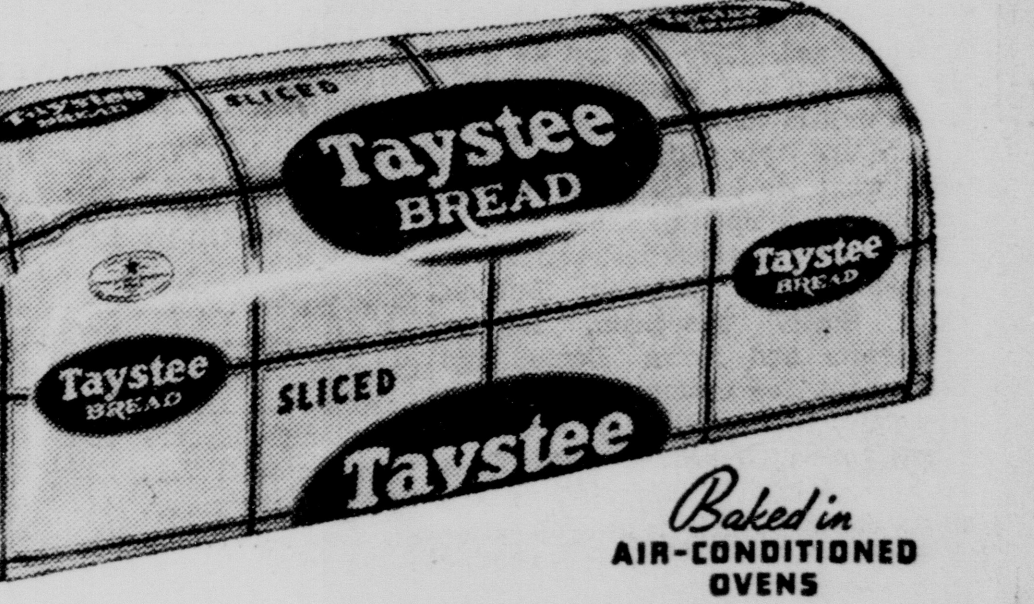

"I wouldn't have believed that air-conditioning could make bread so marvelously tender—or give it such a luscious home-made taste."

GIANTS AND CUBS BOTH WIN IN THE PENNANT CHASE

Harry Danning Hero In Handling Right Handers of Terry

By SID FEDER
Associated Press Sports Writer
Around and about in the baseball business today they're saying the luckiest thing that happened to the Giants this year was the injury that put their first-string catcher, Gus Mancuso, in the hospital back in July.

It's funny they should be glad-handing old man Jinx as though he was Santa Claus, but if Gus hadn't been laid up with a broken finger, the Giants never would have "found" Harry (The Hawk) Danning—who had been warming the Giant bench for only six years.

And if they hadn't come across Harry, sitting there minding his own business day after day, it is extremely doubtful that the Giants would be up there sporting at 2½ game lead for the National League pennant at this writing.

Harry is the hero of the piece because of the way he has brought the right-handed department of the Giants' pitching staff out of the doldrums, and because he's been waving that big bat of his in rival hurlers' faces until they're scared to death of him.

There he was, season after season, catching a few innings here, taking a cut as a pinch-hitter there, and wearing out the dugout bench and the seat of his pants the rest of the time. Last season there even was talk he might be let out. But when Mancuso went on the shelf, Danning had to take over. It was either him or the bat boy. And from the moment he put on his mask and pad, the pitching began to look up.

For instance, there were Prince Hal Schumacher and Harry Gumbert, who had been about as much use as a couple of bats with holes in them. Since Harry began handling them, Schumacher has started nine games, completed seven and won six, while Gumbert has taken a half dozen decisions.

Lead Situation Same
Schumacher did it against with Danning yesterday. He turned in a neat nine-inning effort while his mates clubbed the Pirates, 7-2. Since the Cubs also won their game, taking a 5-2 decision from the Bees behind Curt Davis' six-hitter, the pennant situation remains as was, in this form:

	Games	To
Giants	81	52
Cubs	80	56

The Yankees had their American League lead shaved to 9½ games over the Tigers. They split a twin bill with the Cleveland Indians, taking the nightcap, 3-1, with Monte Pearson pitching a four-hitter, while the Tribe came through 5-4 in the ten-inning opener, although Bob Feller was belted to the showers. The Tigers won their single game with the Senators, 4-3, on the strength of a three-run rally in the ninth.

The White Sox got to Lefty Grove and topped the Red Sox, 5-3. The Athletics took their opener, 8-2, from St. Louis, but dropped the nightcap, 3-1, as Bill Trotter won his first victory of the year.

The Cincinnati Reds routed the Dodgers, 6-0, in their opener, and then dropped the afterpiece, 8-5. The Phillies and Cardinals went 13 innings to a 6-6 draw before darkness halted the proceedings.

STRUGGLE EVEN IN ASSOCIATION PLAY OFF

CHICAGO, Sept. 16.—The American Association playoff situation today was right back where it started, with home runs responsible.

The Minneapolis Millers, thanks to an eighth inning home run by Stanley Spence which accounted for a 4 to 3 victory last night, were all square with the league champion Columbus Red Birds, and Toledo, with the help of a pair of round-trippers by Babe Herman and one by Bob Coleman defeated Milwaukee 5 to 5, in a rousing 10-inning struggle, to even their series.

"LONG WAY TO GO" SAYS COACH OF WILDCATS

EVANSTON, Ill., Sept. 16.—(AP)—Lynn Waldorf won't come right out and admit he's singing the blues but he does concede feeling distinctly "bearish" about his 1937 crop of Northwestern Wildcats.

"Our schedule is 25 per cent harder and our material is 25 per cent weaker than last season, and that's how I honestly sum things up," said the mentor who led the Wildcats to the 1936 Big Ten championship.

"Here's a frank brief of our case," he continued. "We are not as good as we were last season; we won't do as well in conference competition. All we are trying to do is go ahead with what we have and furnish an interesting team."

Take note of those last two words—*Iowa State, Michigan, Purdue, Ohio State, Wisconsin, Illinois, Minnesota and Notre Dame* and don't bank too strongly on meeting a docile Wildcat holding out his claws to be clipped. For there's a sophomore silver lining behind the dark clouds which rolled up after

graduation exercises last June, and the silver lining is well-stitched with experienced veterans.

The Wildcats did lose 16 letter-men, 11 of them linemen. From tackle to tackle only three letter-winners remain. Gone are such stars as Steve Reid, all-American guard, Les Schreiber, Dewitt Gibson and Park Wray, tackles, Carl Devry, guard and Leon Fuller, center. Gone, too, are Steve Toth and Don Geyer, the "twin fullbacks" alternated at the position and placed 1-2 in the conference scoring race.

"You see that we have a long way to go," said Waldorf.

'BIFF' JONES TO PUT SPEED BACK OF VETERAN LINE

Teams Shaping Up In Practice For Start of Football Season

KANSAS CITY, Sept. 16.—Major Lawrence "Biff" Jones, new football tutor at Nebraska, apparently makes up his mind in a hurry and then sticks to his decisions, possibly aware that with Minnesota staring him in the face as the first game on the schedule there is no time for mental stuttering.

The Biffer sent four teams through a stiff scrimmage yesterday, but the first-string was the same combination he has been using all week, an indication that it may be the one to face the mighty Gophers.

Behind a seven-letterman line, Jones ran two veteran backs and two newcomers. The regular ball toters are Johnny Howell, the only regular available from last year's all star quartet, and Harris Andrews, speedy 1936 reserve. The newcomers are Eldon Melvray and Jack Dodd.

This backfield lacks the size and sheer power of the 1936 combination, but packs speed and behind the veteran line may go places. Scrimmage was on the program at most Big Six camps yesterday, and burly Tom Stidham at Oklahoma turned up with a brace of fleet-footed ball toters who ran the ball back for touchdowns from kickoff formation. Woody Huddleston and Red McCarty were the wing-footed boys.

Don Faurot also gave his Missourians a dose of scrimmage, stressing blockade and tackling. Don Wakeman, tackle was on the sidelines with a lame shoulder.

Wes Fry confined the Kansas State workout to signal drill, but nevertheless suffered a major loss. He lost \$19 when persons unknown invaded the dressing room. Fry worked two sophomores—Bob Briggs and Fred Klemp—at fullback.

At Kansas Aid Lindsey continued to drill his Jayhawks on fundamentals, including passing and place-kicking, meanwhile casting an admiring eye over toward the freshman field, where some 77 youngsters from widely-scattered areas were exercising.

Jim Yeager at Iowa State devoted much attention to the backfield, experimenting with various combinations in his quest for blocking talent. Yeager years for two good ends and a center, but said he was satisfied with the way the squad was shaping up.

SCRIMMAGE FOR TIGERS SATURDAY WITH FRESHMEN

Working Out Twice Daily For Opening Season September 25

COLUMBIA, Mo., Sept. 16.—Coach Don Faurot's 1937 University of Missouri Tigers, seventy-seven of them, will round out their first week of practice with a scrimmage session against the freshman squad Saturday afternoon. The Tiger are working out twice daily in order to get in condition for the opening game of the season against the freshman on September 25.

The starting lineup to be used in the Varsity-freshman scrimmage Saturday has not been definitely announced by Coach Faurot, but it is probable that the first two teams will consist of: Clyde Nelson and Walter Boan, ends, Frank Heidel and Dale Everly, tackles; B. D. Simon and Joe Jones, guards; Huston Betty, center; Art Murray, quarterback; Henry Mahley and Jack Kinnison, halfbacks; and Harry Mason, fullback; and the second eleven—Fred Dickinson and Les Peiper, ends; Godfried Rau and John Hogan, tackles; Capt. Maurice Kirk and Mike English, guards; Louis Doerr, center; Vernon Ewing, quarterback; Don Johnson and Jack Duncan, halfbacks; and Stan Mondala, fullback.

Both of the first two teams are of equal strength, each containing ten lettermen, Joe Jones and Louis Doerr, reserves of the 1936 team, are the only non-lettermen in the two lineups. Every man on the squad will take part in the scrimmage session.

The Tigers will be strong at the passing game this season. Veterans Vernon A. "Pete" Ewing and Art Murray, who did a lot of the tossing last year, are hitting their targets better than ever, but a couple of first year varsity men—Clay Cooper of Columbia, Mo., and Bill Amelung of St. Louis, have looked just as good in practice thus far. Cooper specializes at throwing while on the run and has uncanny ability at finding his receivers.

Fast-stepping Heine Mahley, senior halfback, Kansas City, Mo., heads the crop of punters. Mahley is recognized as one of the best broken-field runners in the midlands, and is also a fine kicker.

Murray and Ewing are also capable punters, and are expected to rank with the best in the Big Six this season.

NEW SHAVING COMFORT FOR MEN WITH DRY SKIN

New Method Forms Film of Protection Between Razor Blade and Face

Most men have dry skin. There is no "cushion" of natural oils to keep the blade from nicking the bare surface. Put a "cushion" of Mentholatum Brushless Shave over the whiskers and your blade will not scrape the bare skin. Your razor is just far enough away from your face to keep from scraping it, but gets close enough to the base of the whiskers to give you a smooth, close, yet scrappless shave.

Get a tube of Mentholatum Brushless Shave today. Try it for one week. If you don't get the smoothest, most satisfactory shave you have ever had, we will gladly return your money. Start "cushion" shaving today. Ask your druggist for a tube of Mentholatum Brushless Shave.

BOYS TO REPORT FOR BALL TRAINING CAMP

ST. LOUIS, Sept. 16.—Al G. Eckert, president of the Springfield, Mo., Cardinals, announced today that boys from Missouri and surrounding states who want to try out for Western Association baseball should report in St. Louis next Monday morning.

The Cardinals, a farm of the St. Louis Cardinals, wound up their try-out camp for hopefuls from the St. Louis area today, and prepared for the out-state volunteers.

Eckert said boys from 17 to 23 were eligible, but should bring their own shoes, gloves and uniforms and should be prepared to pay their own expenses while in St. Louis.

TRUSTEE'S SALE

Whereas, Lawrence P. Klein and Lena Klein, his wife, by their deed of trust dated October 1, 1933, filed in the office of Recorder of Deeds of Pettis County, Missouri, at Sedalia, and recorded in Book 301, at page 239, did convey unto Farmers Trust Company, as trustee, for the purpose of securing the indebtedness mentioned in said deed of trust, the following described real estate situated in Pettis County, Missouri, to-wit:

The West half of Lot Number One (1) of the Northwest quarter of Section 2, Township 41 North, of Range 29, West of the 5th P. M. and the East half of Lot Number One (1) of the Northeast quarter and the East half of the Southeast quarter of Section 3, Township 44 North, Range 29 West of the 5th P. M., containing in all 160 acres, more or less.

And whereas, said deed of trust provides that in case the trustee named, by reason of resignation or disability shall fail to perform said trust as therein provided, then the legal holder of the note secured thereby shall have the power to substitute any person as trustee, and that the party so substituted shall have the same powers as the trustee named therein and that the acts of said substituted trustee shall be as effectual and binding upon all parties as if performed by the trustee named therein.

And whereas, the Farmers Trust Company, the trustee named in said deed of trust, is unable to perform the duties of trustee as mentioned therein and has heretofore resigned as trustee in said deed of trust.

And whereas, the legal owner and holder of said note and deed of trust has heretofore appointed Oscar Bangert, as trustee in the place and stead of said Farmers Trust Company and thereby invested said substituted trustee with all the powers conferred by said deed of trust upon the trustee therein named and said substituted trustee has accepted said trust.

And whereas, said note and deed of trust provide that in event default be made in the payment of either principal or interest or any part thereof, or upon default in payment of taxes, or the observance of any conditions of said deed of trust, that the whole of the principal and interest of said note should, at the option of the holder of said note, become due and payable without notice.

And whereas, default has been made in the payment of the regular semi-annual installment of principal and interest on said note due October 1, 1932 upon said indebtedness, as well as all installments that have become due since that date, by reason of which the whole of said indebtedness became due and now remains unpaid.

Now, therefore, the undersigned substituted trustee, at the request of the legal owner and holder of said note and deed of trust, does hereby give notice that he will, on Friday, the 1st day of October, A. D. 1937, between the hours of nine o'clock A. M. and five o'clock P. M., at the west front door of the Pettis County Court House at Sedalia, Missouri, sell the above described land at public vendue to the highest bidder for cash, for the purpose of discharging the indebtedness secured by said deed of trust, the interest due thereon, and the costs of executing this trust.

Said sale to be made subject to any unpaid taxes.

OSCAR BANGERT,
Substituted Trustee.

J. R. BLACK FORMER SHERIFF, IS DEAD

John Reuben Black, 45 years old, former sheriff of Johnson county, passed away suddenly at the Research hospital in Kansas City about 6 o'clock Wednesday morning, according to word received in Sedalia by friends. Death was due to a heart attack suffered while at the hospital.

Mr. Black had gone to the hospital Monday where he was undergoing examinations and treatment. He had been in poor health for the past year and suffered from kidney stones.

Mr. Black was field warden for the southwest division of the State Game and Fish department, being in charge of thirty-eight counties. He was first appointed by Governor Guy B. Park and has continued to hold the office under the present administration. He was elected in 1928 as sheriff of Johnson county and took office January 1, 1929 serving in this capacity for four years.

He was a staunch Democrat, devoted to his party and a tireless worker, and because of his party faithfulness he was chosen sheriff.

He was a member of the American Legion and of the Veterans of Foreign Wars in Warrensburg. Mr. Black served in France with the Eighty-ninth Division and later as with the Thirty-fifth Division. He attained the rank of sergeant and was a machine gunner.

New Year's Day 1933 he was married to Miss Willina Smarr who survives as do his mother, Mrs. Linnie Rice Black, of the home, two sisters, Mrs. J. W. Wilson, of

Warrensburg, and Mrs. Harry Baker, of Midland, Kansas.

Funeral services will be conducted at 2:30 o'clock Friday afternoon at the Gay Street Methodist church with the Reverend M. T. Haw, assisted by the Reverend V. T. Wood, and Reverend J. C. Hollyman, officiating. Interment will be in the Sunset Hill cemetery.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pints of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 25c.
